

Dear Environmental Industry Contact,

The U.S. Commercial Service is pleased to introduce you to 38 leading U.S. water technology companies who will be participating in **Aquatech Amsterdam**, September 30- October 3, 2008.

The Aquatech Amsterdam 2008 – U.S. Exhibitor On-Line Directory features U.S. companies who will be exhibiting and attending Aquatech Amsterdam in the areas of water treatment, point of use, transportation and storage, process control and automation, and more.

Please view these U.S. companies and see details on their technologies and business interests in Europe at: <http://www.buyusa.gov/ifp/aquatech08.htm>

When on-line, you can select the U.S. companies of greatest interest to your firm and register your information. You will then receive complete U.S. company contact information and additional details on their product/service offerings. When you register, the U.S. company will also be notified of your interest.

We encourage you to communicate directly with the companies you select and arrange meetings at Aquatech Amsterdam to further pursue business collaboration. The U.S. Commercial Service is available to assist you. For any questions, please contact Mia Mäki at 09-6162 5140, [mia.maki@mail.doc.gov](mailto:mia.maki@mail.doc.gov).

For details about visiting Aquatech Amsterdam, Europe's most important water trade show, please to go: <http://www.aquatechtrade.com/amsterdam>

Sincerely,

*Mia Mäki
